

Glamsterdam fork development overview

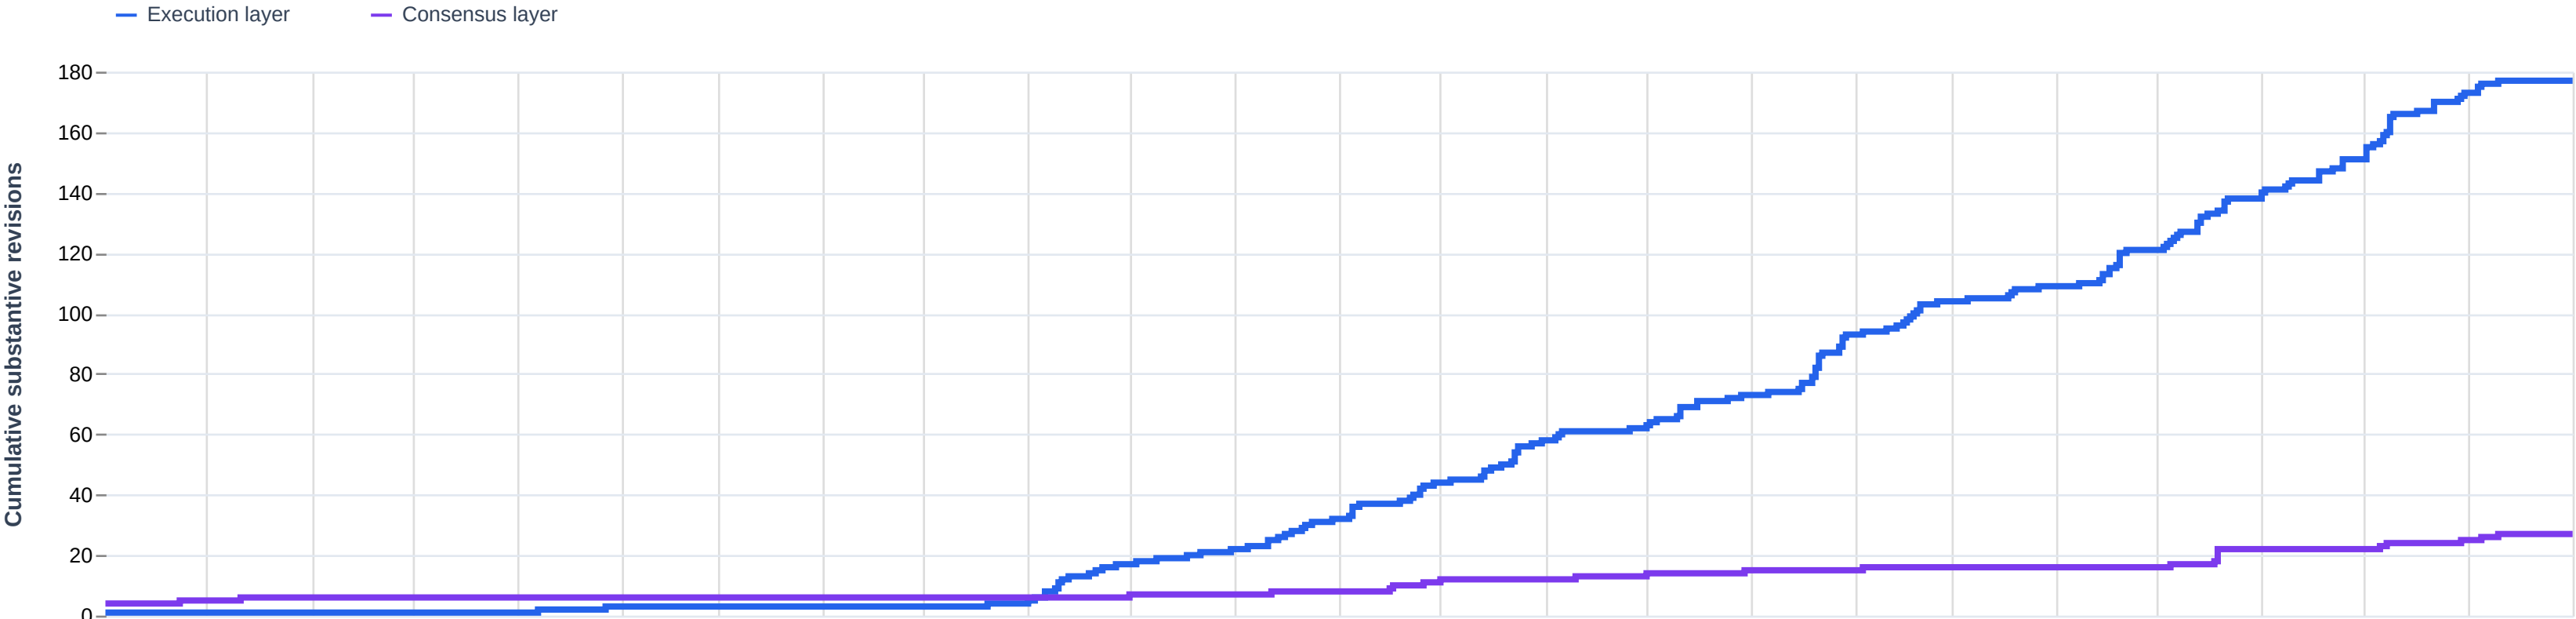

Shared calendar window 2024-09-01 through 2026-09-01 · EIP-file history, inclusion decisions, devnets, and activations

Fork milestones and devnet launches

Aggregate specification activity by affected layer

Cross-layer EIPs contribute to both lines; creation commits are excluded.

Weekly substantive revision activity

Blank weeks have no substantive EIP-file revision; commit tooltips and provenance are in the layer figures.
